

WALLET OWNERSHIP VERIFICATION

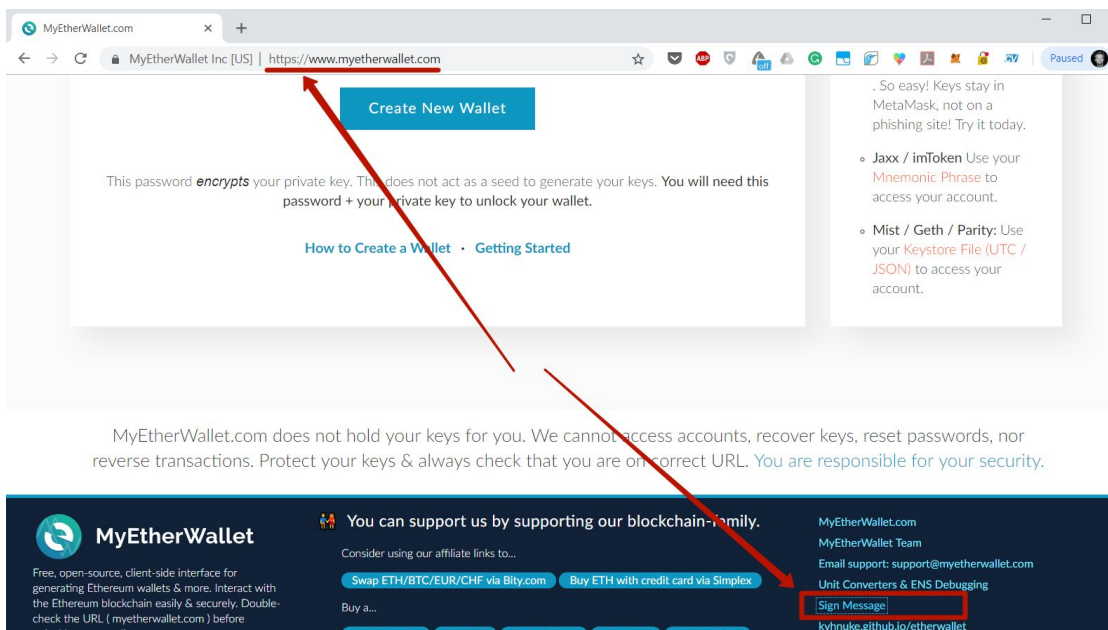

To participate in the activities on TokenStars platform and receive the rewards fans need to link & verify the wallet address. Complete the following steps in TokenStars dashboard to link&verify the address.

!!! Do not indicate the addresses, belonging to exchanges - you will not be able to verify its ownership and/or the transferred rewards may be lost.

Step 1. Log in to TokenStars dashboard, enter the ERC-20 wallet address, that you want to link to the TokenStars platform, and press the "VERIFY" button. You will see the pop-up window to enter the sig details.

Step 2. Then go to [MyEtherWallet.com](https://www.myetherwallet.com/signmsg.html), to the Sign Message page (<https://www.myetherwallet.com/signmsg.html>).

Step 3. Enter your email used for registration on TokenStars platform in the "Message" box and sign the message with the same wallet address, that you want to link & verify in TokenStars dashboard:

Sign Message or [Verify Message](#)

1

Message

john.doe@gmail.com

Include your nickname and where you use the nickname so someone else cannot use it. Include a specific reason for the message so it cannot be reused for a different purpose.

How would you like to access your wallet?

- ☐ View w/ Address Only
- ☐ MEWconnect
- ☐ MetaMask / Mist
- ☐ Ledger Wallet
- ☐ TREZOR
- ☐ Digital Bitbox
- ☐ Secalot
- ☒ Keystore / JSON File
- ☐ Mnemonic Phrase
- ☐ Private Key
- ☐ Parity Phrase

Select Your Wallet File

⚠ This is not a recommended way to access your wallet.
Entering your private key on a website dangerous. If our website is compromised or you accidentally visit a different website, your funds will be stolen. Please consider:

- MetaMask or A Hardware Wallet or Running MEW Offline & Locally
- Learning How to Protect Yourself and Your Funds

If you must, please double-check the URL & SSL cert. It should say <https://www.myetherwallet.com> & MYETHERWALLET INC in your URL bar.

SELECT WALLET FILE...

Your wallet is encrypted. Good! Please enter the password.

Sign Message or [Verify Message](#)

1

Message

john.doe@gmail.com

2

Include your nickname and where you use the nickname so someone else cannot use it. Include a specific reason for the message so it cannot be reused for a different purpose.

Sign Message

Step 4. After signing the message copy the "sig" of the Signature field, as shown below:

The screenshot shows the MyEtherWallet interface. At the top is a blue header with the MyEtherWallet logo. Below it is a light gray bar with the text "Sign Message or Verify Message". Underneath is a "Message" field containing "johndoe@gmail.com". A small note below the message field reads: "Include your nickname and where you use the nickname so someone else cannot use it. Include a specific reason for the message so it cannot be reused for a different purpose." Below this is a dark blue bar with the text "Sign Message". Underneath is a "Signature" field containing a JSON object:

```
{
  "address": "0x5acd8d106aad6c09a9204c7725261fd2bf193aa",
  "msg": "johndoe@gmail.com",
  "sig": "0x0979f46f5c9ab818d65b92d834292efad2295b80014edbc43080343cbc1b259846eb38f781c7c9fc4bd089ecc34dd32c1e2474e6253884d743b35ab94d3a048d1b",
  "version": "3",
  "signer": "MEW"
}
```

 A red arrow points to the "sig" value in the JSON object.

Step 5. Paste the copied "sig" in the pop-up box at the TokenStars dashboard and click "Verify Wallet Ownership".

The screenshot shows a verification form on the TokenStars dashboard. It has three input fields: "EMAIL" containing "aversanio@gmail.com", "WALLET 'MY WALLET 2'" containing "0x32749857230947032482304920183098324920", and "SIG" containing "012345678901234567890123456789012345678901234567890123456789". A red arrow points to the "SIG" field. Below the fields is a blue button labeled "VERIFY WALLET OWNERSHIP".

Estimated time of ownership verification depends on the workload of Ethereum blockchain network - it may take from a couple of minutes to several hours.

★ **Congrats!** If the wallet address and email match in the dashboard and in the sig, then the wallet is verified and linked:

✓ ACE and TEAM token balances will be displayed in the dashboard, so you can participate in the activities on TokenStars platform,

✓ Wallet will be used to receive the token rewards!
