## HOW TO EARN GOAL POINTS?

Every day during the Contest we will publish new events to predict the outcome.

The Predictor will choose the outcome and, if the forecast was correct, he/she will receive the GOAL points according to the formula below:

**GOAL points (for each correct prediction) = 100 \* "Payoff Ratio" \* (1 + "Tier Bonus, %")**

"**Payoff ratio**" (or "the odds") represents the likelihood of the result. It will be indicated in each outcome. The closer the Payoff ratio is to "1", the higher is the probability of this outcome to happen.

"**Tier Bonus**" is introduced to encourage token holders to participate in the Contest and create the TokenStars community wisdom.

Tier bonus will depend on the amount of TEAM & ACE tokens, held by the user. The more tokens the user controls (on the separate wallet address and at the bot account) - the higher the Tier bonus will be applied, so more rating points will be received for each correct prediction!

Tier	TEAM & ACE token balance (Wallet + Predictions Bot)	Tier Bonus, %
Whale Tier	>50,000 tokens	45%
1st Tier	20,000-50,000 tokens	40%
2nd Tier	10,000-20,000 tokens	25%
3rd Tier	5,000-10,000 tokens	15%
4th Tier	2,000-5,000 tokens	10%
5th Tier	500-2,000 tokens	5%
6th Tier	<500 tokens	-

During the Contest the predictions are "risk-free":

- participants don't have to pay tokens to make forecasts;
- token balance or rating don't diminish if the prediction was not correct.

## HOW TO INCREASE MY TIER BONUS?

To increase the chances to climb up in the Contest Leaderboard, predictors shall link their ERC-20 wallet address to their [\*\*@TokenStars\\_Predictions\\_bot\*\*](#) account.

Before each prediction we will check the TEAM and ACE balance (in the linked wallet and the bot account) and will determine the **Tier Bonus**.

So to boost the chances to win the competition and climb up in the leaderboard, predictors may buy TEAM or ACE tokens on the exchanges ([Bit-Z](#), [OKEx](#) or [IDEX](#)) and add them to the linked wallet!

Registration of email and ERC-20 wallet will be successful only if these rules are followed:

1. The [\*\*@TokenStars\\_Predictions\\_bot\*\*](#) can be linked only to one unique wallet address and one email. It cannot be replaced, be careful.
2. Please enter your personal wallet address. Do not enter the address, generated on exchange!
3. All the prizes and awards will be credited only to this wallet and email.  
TokenStars reserves the right to check the email and wallet ownership to prevent the fraudulent activities.

Click "Register" button in your [\*\*@TokenStars\\_Predictions\\_bot\*\*](#) to enter your wallet and increase your Tier bonus!

## REFERRAL PROGRAM

To build a stronger community and collect more data from predictions we have developed the referral program for active users!

Click "Referral Program" button in your [\*\*@TokenStars\\_Predictions\\_bot\*\*](#) to create your personal link and share it with friends!

For each active newcomer (who will make 5 or more predictions) both parties - the referrer and the newcomer - will receive **2.018 TEAM** tokens on their balance!

**GOOD LUCK IN YOUR JOURNEY TO THE TOP OF THE LEADERBOARD!**
